# Pre-assembled modules

# Concept

- Panoramic h-line is a trade show display system which allows you to easily create a custom exhibit using pre-assembled modules.
- With its full surface area completely dedicated to the graphic image, Panoramic h-line creates an unparalleled visual impact while also providing a full assortment of useful functionalities.
- Panoramic h-line is a perfect solution for those that would like an exhibit that is both modular and flexible for purchase or rental.

# Benefits

## Five reasons to choose panoramic h-line

### SHOWCASE YOUR IMAGE

Put the graphic image front and center! No visible aluminum profile means your message is even more effective and your exhibit carries **a true mark of quality.**

### ENDLESS MODULARITY

All module types can be connected to one another - no restrictions! **Rest assured that you can use your exhibit in every space**, even those you have yet to consider. Panoramic h-line is a completely scalable solution that grows along with your company.

### FOCUS ON THE ESSENTIALS!

Each module has been designed to provide its own unique functionality (communicate, display, design, spread your message, store, and welcome customers). **You can pre-fit certain modules by adding optional kits for even more functionality.**

### BE CREATIVE!

Distinguish your company by creating your own custom graphic or use our database of colors and patterns specifically chosen for Panoramic h-line. **Put a part of yourself in your exhibit!**

### CLEVER & SIMPLE

Panoramic h-line requires **zero technical expertise** and is set-up without the use of tools. Set-up up the exhibit yourself, or with our assistance. Standard modules do not exceed a weight of 19 lbs. Set-up for a 20' x 10' exhibit takes less than 1 hour for 1 person.

## Concept

3 modules sizes:  
9.5", 19" and 38"

Every panel is delivered with pre-installed graphics, just connect them!

All module types can be connected to one another

Result: no visible aluminum profile !

# Graphics

- Dye-sublimated fabric graphics
- Features a v (SEG) attachment system, in which silicone is sewn into the edge of the graphic and is then inserted into the groove of the Panoramic profile.
- Extremely precise graphic dimensions ensure perfect graphic tension upon installation
- The right fabric for each use: opaque Panopac fabric for maximum visual impact and optimal color rendering, light-diffusing fabric for lightboxes and backlit frames
- Easy to transport and ship

Grommets provide optimal and durable cable management

9

# 100% modular: 13 modules, 4 shows, 4 configurations, 4 locations

Reconfigure your h-line exhibit to suit your event, using the same pack of modules each time

# 10 100% modular: 13 modules for an unlimited number of configurations!

## 13 module pack

- 1 HMS038 standard module
